Dear Commission:

At their last regular meeting of the Plymouth Township Board of Trustees held on July 7, 2009 a unanimous decision was made to inform your commission of the great opposition to the request from the Ohio American Water Service for a gigantic rate increase. The resolution was voted on with Trustee Debra Friedstrom voting aye, Trustee Kevin Presley voting aye and Trustee David Waldron voting aye. The feeling of the Board is this utility is out of touch with the rest of the world. With an unemployment rate of over fourteen per cent in Ashtabula County, the residents of Plymouth Township are unable to absorb the great increase in rates proposed by Ohio American. Your Commission has granted increases of thirty eight per cent in the past four years.

The Board of Trustees request your Commission have some feelings toward the common residents of Ashtabula County and Ohio and not grant this request which if granted would give Ohio American a seventy five per cent increase in rates for the past eight years. This is extremely outrageous.

Thank you in advance for your consideration.

Sincerely,

Plymouth Township Board of Trustees
